

Summer Institute In Program Evaluation

The Summer Institute brings together university students and community-based practitioners to learn together about evaluation

This week-long intensive course combines lectures, case studies and group work to explore the concepts of participatory evaluation with the goal of improving evaluation planning and execution

June 8-12, 2026

8:30 - 4:30 PM

University of Manitoba,
Fort Garry Campus

Are you a community-based practitioner with a program you'd like to evaluate?

Submit a case study.

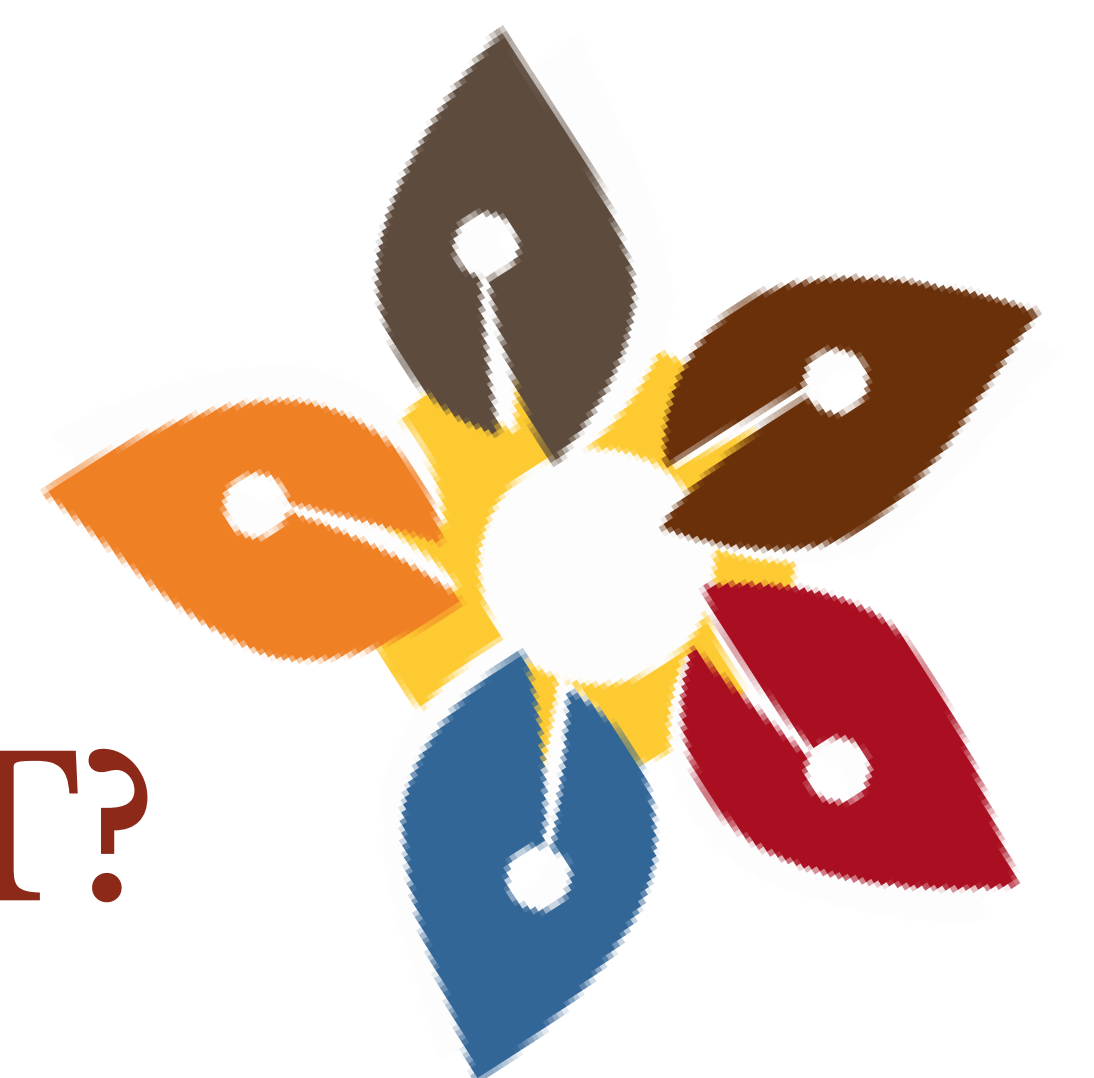

Accepted case studies will be workshopped by participants to develop an evaluation framework

**Non-Student
Registration Fee: \$800**
*(Subsidies may be
available upon request)*
